#### PAY SHIPPING ONLY

Joyful Child (age 0-3) or the Child of the World (age 3-12+) are the two Michael Olaf publications. Combining a book with our catalogue is our way of getting valuable information to those who are interested in optimal development of children. The presentation of theory and practice along with hands-on materials brings this information into the daily life of children in a practical way.

Today these two publications are sold all over the world, through schools and internet bookstores. They are used as Montessori overviews at Montessori and other teacher education programs, for mothers in baby groups, professional birth educators, homeschoolers, psychology classes, and in many other ways.

Michael Olaf catalogues are \$6.00 each retail, marked on the cover. We offer them to our customers at wholesale. The cost of catalogues plus shipping, sent to a USA address, is:
